

KEYERA

## ZETA CREEK GAS PLANT

*Headquartered in Calgary with operations focused in Western Canada, KEYERA operates an integrated Canadian-based midstream business with extensive interconnected assets and depth of expertise in delivering midstream energy solutions.*

Our business consists of natural gas gathering and processing, natural gas liquids (NGLs) fractionation, transportation, storage and marketing, iso-octane production and sales and diluent logistic services for oil sands producers.

We are committed to conducting our business in a way that balances diverse stakeholder expectations and emphasizes the health and safety of our employees and the communities where we operate.

### Zeta Creek Gas Plant

The Zeta Creek gas plant is located in the West Pembina area of Alberta, approximately 60 kilometres west of Drayton Valley and 140 kilometres southwest of the city of Edmonton.

The Plant is a sweet gas processing facility which offers inlet separation, inlet compression, shallow cut refrigeration and condensate stabilization. It has a licensed capacity of 54 million cubic feet per day of sweet gas and is connected to the TransCanada mainline via a sales gas lateral pipeline.
