Headquartered in Calgary with operations focused in Western Canada, KEYERA operates an integrated Canadian-based midstream business with extensive interconnected assets and depth of expertise in delivering midstream energy solutions.

Our business consists of natural gas gathering and processing, natural gas liquids (NGLs), fractionation, transportation, storage and marketing, iso-octane production and sales and diluent logistic services for oil sands producers.

We are committed to conducting our business in a way that balances diverse stakeholder expectations and emphasizes the health and safety of our employees and the communities where we operate.

Rimbey Gas Plant

Located 100 kilometres southwest of the city of Edmonton, the Rimbey gas plant has a capture area in excess of 4,600 square kilometres and offers a full range of gas processing services including gas gathering inlet separation, compression, sour gas processing, NGL extraction, NGL fractionation as well as sulphur recovery.

Rimbey gas plant produces sales gas, ethane, propane, butane, condensate and sulphur.
