Admin Fee/Revisions/ Amendments/cancellation per agreement	reciprocal	reciprocal

Note:

- All charges are subject to GST and based on a minimum of 1.0 kilometers of usage.
- Large volume loads may be subject to additional charges
- Maintenance charges will begin immediately after initial activity is completed.
- At its sole discretion, Keyera Energy Ltd. reserves the right to impose temporary road bans, as road conditions warrant.
- Road Use addendums are not valid unless fully executed by both parties. Keyera will not execute road use addendums without payment or proof of remittance.
- Fracking considerations are invoiced in advance with initial consideration. It is the Grantee's obligation to advise the Grantor if a refund of fracking considerations is required.
- Termination of an agreement due to reclamation must be accompanied by a reclamation certificate.
- **The rates for each addendum will be site specific and may differ from the standard rates listed above.**
